Hiring Manager,

McKinsey & Company

Subject: Application for Business Analyst Intern Role (Summer 2025)

Dear Hiring Manager,

Applying for McKinsey's Summer 2025 Business Analyst Intern position excites me. I have a solid background in analytical thinking, data-driven decision-making, and cross-functional collaboration as a computer science student with a focus on AI/ML (8.93 CGPA).

My projects have improved my research and problem-solving abilities, such as developing a speech-based disease detection system with 94% accuracy. Aside from technical work, I have spearheaded student tech initiatives as a club technical co-lead and Microsoft Learn student ambassador, developing plans and producing outcomes in collaborative environments.

McKinsey's dedication to both quick professional development and long-lasting client impact appeals to me. I'm excited to work with outstanding colleagues and contribute to solutions that have a significant impact on various industries.

I appreciate you taking a look at my application.

Sincerely,

Garv Anand
